

The world's fastest, lightest ultra-compact maritime VSAT system

TracPhone V3HTS is the new 37 cm marine VSAT system that saves you from being tethered to shore. It delivers unmatched speed and the power to go farther and faster than ever before with global connections via KVH's mini-VSAT BroadbandSM HTS network – the No. 1 maritime VSAT service.* Plus, the TracPhone V3HTS outperforms leading competing 60-85 cm Ku-band antennas and sets a new standard in marine satellite communications. It's never been so affordable or easy for everyone onboard to browse the Internet, get weather information, chat via services like WhatsApp™, check emails, stream HD content, connect with the office, and more.

HTS-Metered Rate Plans

TracPhone Enhanced Voice Service... the Best in the Business!

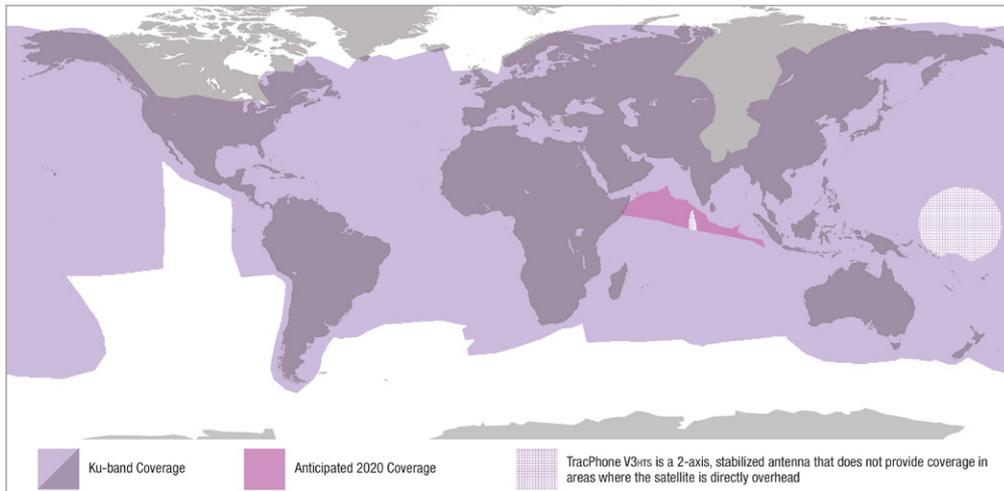

TracPhone's Enhanced Voice Service is a managed solution optimized for satellite communications and fully integrated into the mini-VSAT Broadband solution. Network voice prioritization assures that bandwidth is allocated to the telephone line to ensure the high quality of your voice connection even while other users surf the web, log into corporate networks, or send and receive email. With TracPhone Enhanced Voice Service you will enjoy always-on voice connections and a great suite of convenient features and account management tools that you can access anywhere in the world!

Bring Broadband Hardware & Service Onboard for One Low Monthly Price

In today's competitive market, you need to run a smart and efficient business. That's why KVH has made it even easier to bring broadband connections onboard with our flexible and affordable Equipment Leasing Program. Avoid a major capital investment when upgrading your vessels and treat these powerful SATCOM solutions as a multi-year operating expense. KVH's Leasing Program makes updating your broadband connections and VoIP telephone service more affordable than ever! Contact your dealer/distributor or the KVH Sales Team for details.

mini-VSAT Broadband Coverage

The TracPhone V3HTS delivers the same global connections enjoyed by the largest vessels. KVH's mini-VSAT Broadband HTS network offers unmatched speed and coverage using advanced, new next-generation high-throughput satellites (HTS) from Intelsat and SKY Perfect JSAT.
